

We help with clearing-up, according to your wishes

There can be many reasons for a partial or complete household clearance we guarantee for all cases:

- Environmentally-friendly re-use, sustainable operation from A - Z
- Estate valuations by experienced experts, also for entire collections
- Cost transparency and fair conditions, discretion included.

The following steps ensure a trouble-free process:

1. Inspection appointment, required actions plan, offer
2. Clearing, transport and sorting for further re-use/disposal
3. Cleaning, billing, payment; quality evaluation by the customer.
